8/14/14 10:30 AM

Good Morning:

Maybe I am getting the days this week I slept in until get done with coffee until 9 in Paynesville we are still working

retirement after all, two almost 8 AM and didn't AM. This week at home on cleaning out 30 yrs.

of accumulation.

On Monday we did take a day off, I took Mary out for lunch, when I was a kid it was dinner, and we then visited our favorite garden spot. This is a good time to give away a bottle of wine. Observe the photos below, where were we? We are less than 40 miles from the winery.

If you know where we were send your answer to donmillner@gmail.com with the subject line, "You should take your wife out more often!"

A bottle of wine will go to the winner drawn at random from the correct answers.

Last week's question below: The correct answer was "Caution, Tear Gas." The first word is "Caution", the next two words are "T__ __ G__."

The winner drawn at random from the correct answers is Jane Middendorf, congratulations. My favorite incorrect answer was, "Caution, Tuff Guy." Thank you to all who entered and also all who pondered the

question. PS My eyes are just fine.

Among my clean out items this week includes my 50 lb. foam core sailboat. It has not been in the water since 1994, still looks like the day I put it into storage. Yesterday I went to re-license it and MN still had it in their

system. Iza, 7 yr. old granddaughter, called while I was assembling the sail and she is interested to ride in the sailboat. I am hoping to take her out with it this weekend sometime. I still have my 1980 Kawasaki 550 motorcycle, I think it will go on sale some time.

Upcoming Events:

August 23: The MG car club for an afternoon showing of their vintage cars.

Harvest Parties!

The time will be here very soon for Harvest Parties. What is a Harvest Party? It is volunteering for approx. 4 hours of harvesting grapes, this includes meeting and making new friends. The actual job is cutting clusters of grapes off the vines into 5 gallon pails which we dump into bins right in the field and truck them to the winery.

Given the smaller harvest this year due to the extreme cold of last winter we will be working probably in smaller groups than prior years, still it is always a very fun event. The work time is usually 8:30 to about 12:30 with a very nice meal and wine to follow. We also send wine home with you. We try to do the harvest on Saturdays and Sundays, but sometimes smaller groups will meet on Fridays.

If you are interested, please submit your name, phone number, days of the week available, and how many people in your group. When the grapes are ready, we call the numbers on our lists until the crew is filled. Typical harvest times are from about 3rd week of August to middle of September, with the slow spring this year will be later.
